NEWSLETTER AUTUMN 2019

JUL - AUG - SEPT

Welcome back to another edition of the Parkway Newsletter. You may have noticed a new colour coding system is in place to avoid confusion when reading the events (see bottom right of the opposite page for the key). Please keep in mind some of the events do not happen in the evening and if you are interested always ask staff for more information (within enough time of the event so you don't miss out)! Now, we have some exciting news to catch you up on...

Firstly our bars have all had a revamp. We now have two premium lagers available for you - Heineken Extra Cold and Amstel Bier - as well as Fosters. Our bars also now feature a wonderful double stemmed Strongbow pump - selling the usual Original and Dark Fruits Cider...just a little fancier! Designated drivers and customers that would rather not drink alcohol will be happy to know that we have extended our non-alcoholic range. To tantalise your tastebuds, we now offer Old Mout Alcohol Free 'Cherries and Berries', Adnmas 0.5% Citrus Pale Ale 'Ghost Ship' and Heineken Alcohol Free Beer.

Some more good news, did you know we are finalists in the National Hospitality Social Media Awards? Now you'll have to ask us how we did as the ceremony, which is at the Houses of Commons in London, is taking place on 27th June

(after the newsletter has gone to print) but we couldn't waste a good chance to tell you of the progress the team are making for the club. Thank you to all our members that support our Facebook page and website. If you haven't signed up to our email subscription ask a member of staff how to! MailChimp is an online email service which we will be starting to use to send regular updates on entertainment, sending out the newsletters earlier than the printed ones will be available and as a means to let our members know if any events are cancelled/ changed at short notice. Ask us how to sign up as it would be a shame to miss out!

Lastly we are trying to come up with new ideas for Saturday Night entertainment to encourage new members and fresh faces back into the club. Having taken a look at the surveys sent out, and adapted the entertainment accordingly, our attempt to make members happy has been met with negative feedback. If anyone has any ideas or insight into improving the atmosphere and entertainment on Saturday nights please let us know. There are some Saturday and Sundays with private functions on, these functions are financially benefiting the club by keeping it afloat and also raising the club's profile to potential future members. We appreciate your support on these matters.

- The Team
